

Join Dolomite for a FREE Microfluidics 1-Day workshop

Dolomite are pleased to invite you to our Microfluidics workshop at the University of Naples "Federico II" on October 11th 2017 in collaboration with the University of Naples "Federico II" and the Istituto Italiano di Tecnologia.

Our workshop is FREE TO ATTEND and will benefit anyone who is looking to get hands-on experience using Dolomite's microfluidic technology.

Agenda

09:30	09:45	Registration and Welcome
09:45	10:00	Introduction to Dolomite, Blacktrace
10:00	10:45	Microfluidics Review - History and Key Principles
10:45	11:15	What you need for microfluidic experiments
11:15	11:30	Coffee Break
11:30	11:50	Invited Speaker, Enza Torino - Microfluidic activities @IIT-UNINA
11:50	12:50	PRACTICAL SESSION 1 (Group 1: Droplet System, Introduction to Telos. Group 2: Fluidic Factory)
12:50	13:50	Lunch
13:50	14:20	Droplets and their applications
14:20	15:20	PRACTICAL SESSION 2 (Group 2: Droplet System, Introduction to Telos, Group 1: Fluidic Factory)
15:20	15:50	Questions and Conclusion
15:50	16:20	Optional session: Running Telos (Scale-up system)

Address:

Piazzale tecchio 80, University of Naples "Federico II" - Facoltà di Ingegneria - Aula Scipione Bobbio - First floor, 80125 Napoli

Lunch & refreshments will be provided
