

External members of the Board

Professor Ryan Gilmour,

Chair of Organic Chemistry & CiMIC Professor of Chemical Biology

Westfälische Wilhelms-Universität Münster

Institute for Organic Chemistry

<https://www.unimuenster.de/Chemie.oc/gilmour/RyanGilmour.html>

Translating fundamental principles of structure and reactivity to applications in catalysis and biomedicine. Physical organic chemistry is at the core of the entire research program and drives innovation.

Professor William DeGrado,

Department of Pharmaceutical Chemistry, University of California San Francisco

<https://pharm.ucsf.edu/degrado>

Small molecule and protein design as an approach to understanding macromolecule structure and function.

Professor Carlo ADAMO

Institute of Chemistry for Health and Life Sciences, Chimie

ParisTech, Paris, France

Professor of Theoretical Chemistry and Director of the Institute of Chemistry for Life and Health Sciences

Theoretical chemistry - photochemistry - density functional theory
